## Certificates

1

### **Microchips**

Your pet needs to be micro-chipped before or at the same time as their rabies vaccine.

2

### **Pet passports**

Requires either a pet passport, Animal Health Cert (AHC) or a Great Britain Pet Health Cert.

3

### **Rabies vaccination**

Your pet will have to be at least 12 weeks old & vaccinated against rabies.

4

### **Tapeworm treatment**

Dogs will require tapeworm treatment between 24-120 hrs before arrival into the UK.

## Species

Dogs

Cats

Ferrets

Birds (must be caged)

Others by consideration

## UK Pet-ports

### **Domestic flights within the UK:**

Any airport by prior arrangement.

### **Departures from the UK to abroad:**

Any airport by prior arrangement.

### **Arrivals to the UK from abroad:**

Only pre-approved pet-ports to be used.

## Flying Abroad

Since the UK has left the EU there have been a number of changes to the Pet Travel Scheme.

Most countries require pets to be processed through a designated arrival airport. It's important to check with our Client Services Team when requesting a flight to check any requirements.

## Safety & Comfort

For the safety of your pet, yourself and our flight crew, we are permitted to carry animals in certain ways.

Depending on the size and weight of the animal, they may be able to be restrained to a seat in the cabin or put in a purpose built cage.

### **Limitations & Considerations Taken:**

- Weight of the animal
- Behavior before & during flight
- Handlers may be required to fit a muzzle
- Animals remain restrained throughout flight

## Questions?
